# Andhra Pradesh and Telangana

*Andhra Pradesh and Telangana are two industrially developed states in India.*

*They are growing at above average for several years, attracting investment in industries ranging from IT, ITEs, Engineering, Cement and heavy industries.*

*Some major projects include, new airports, irrigation projects, pharma city, SEZs and so on.*

*In this scenario, we bring this State Directory of Andhra Pradesh and Telangana Directory 2024, which is an attempt to profile the industries, manufacturing facilities and companies in the state with their company profile, expansion plans etc., along with details of key personnel, address, tel/fax/email etc.,.*

*The directory covers all manufacturers in Andhra Pradesh and Telangana covering all sectors like cement, steel, sugar, food, metal, engineering and miscellaneous.*

## Overview

Andhra Pradesh and Telangana are two of the most industrially developed states in India. Both states offer a favourable climate for businesses and have made significant progress in attracting investments in recent years.

## Andhra Pradesh Industrial Climate and Opportunities:

Andhra Pradesh has been recognized as one of the fastest-growing states in India, with a GDP growth rate of 10.93% in 2019-2020.

The state has a vast coastline of 974 km, which makes it a hub for shipping and

logistics activities. The state government has taken several initiatives to promote industries in the state, such as the single desk policy, which aims to provide a single window clearance system to investors.

The state is known for its robust industrial base, with sectors such as pharma, textiles, food processing, and agriculture being the most significant contributors. The state has a strong presence in the IT sector, with several IT parks located in cities such as Vishakhapatnam and Tirupati. The state is also home to several ports, including the Krishnapatnam port, which is the largest private sector port in the country.

The Andhra Pradesh government has announced several initiatives to promote industries in the state. These include the establishment of the Andhra Pradesh Industrial Corridor Development Authority (APICDA), which aims to develop industrial corridors in the state. The government has also announced plans to establish an aerospace park in the state, which would provide a significant boost to the aerospace industry in Andhra Pradesh.

## GSDP of Andhra Pradesh at Current Prices

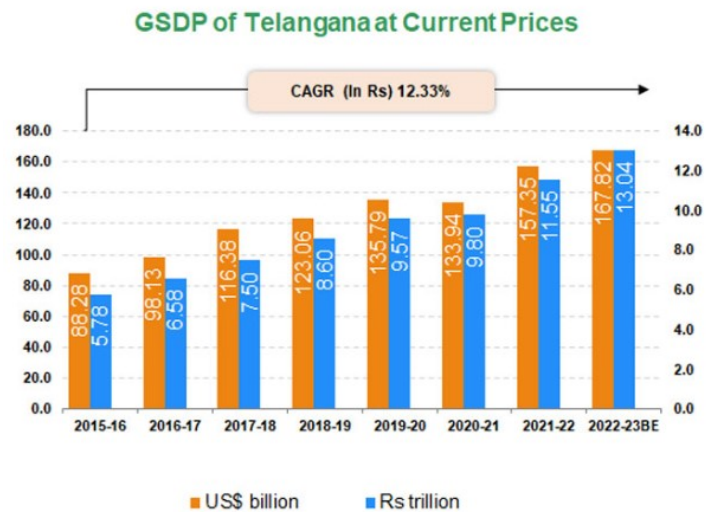

# Andhra Pradesh and Telangana

## Telangana Industrial Climate and Opportunities:

Telangana is a relatively new state, having been formed in 2014. However, the state has made rapid progress in industrial development since its formation. The state has a well-established industrial base, with sectors such as IT, Pharma, and Biotechnology being the most significant contributors to the state's economy.

The state has several initiatives to promote industries, such as the TS-iPASS (Telangana State Industrial Project Approval and Self-Certification System), which aims to provide a single window clearance system to investors. The state government has also announced several incentives to investors, such as exemption from electricity duty and stamp duty.

The state is known for its robust IT sector, with several IT parks located in cities such as Hyderabad, Warangal, and Karimnagar. The state has a strong presence in the pharma sector, with several large pharma companies having their manufacturing units in the state.

**About the Company**

3F Oil Palm Agrotech Private Limited (3F Oil), promoted by 3F Industries Ltd (3FI), was incorporated on July 20, 2010. 3F Oil was formed by hiving-off the oil palm division of 3FI, which is operational since 1995. 3F Oil is engaged in palm cultivation and solvent extraction, ie, extraction of Crude Palm Oil (CPO) and Crude Palm Kernel Oil (CPKO) from palm Fresh Fruit Bunches (FFB).

3F Oil has Memorandum of Understanding (MoU) with the state governments of Andhra Pradesh, Karnataka, Gujarat, Mizoram, Orissa and Tamil Nadu for developing and cultivation of palm fruit in the allocated areas. It has entered into tri-partite agreement with the government and farmers, whereby the company will develop the palm fields with the help of farmers by providing them with processed seeds, fertilisers, agricultural tools and other necessary requirements.

**Current Projects**

3F Oil Palm is set to build a greenfield food processing plant in Arunachal Pradesh. The company has acquired 120 acres of land for the project at Roing in lower Dibang Valley. However, the company has to build confidence among farmers to cultivate palm trees. Initially, it will operate with low capacity utilization. The project will entail an investment of ₹ 2,500 million.

With an aggregate acreage of about 35,000 hectares of plantation, the company had recently announced plans to increase the acreage to 1.50 lakh hectares in the next seven years.
