Maharashtra is one of the first few industrialized states of India.

Over, the last 3 decades, the state have built robust infrastructure, network of roadways, ports and remains one of the top attractions of investment.

Now, more startups and renewable energy is boosting the industrial climate.

In this scenario, we bring this State Directory of Maharashtra 2026, which is an attempt to profile the industries, manufacturing facilities and companies in Maharashtra with their company profile, expansion plans etc., along with details of key personnel, address, tel/fax/email etc.,.

The directory covers all manufacturers in Maharashtra covering sectors like cement, steel, Sugar, Food, Metal, Engineering, Textiles etc.,.

Overview

Maharashtra is one of India's most industrialized states and has been a key contributor to the country's economic growth. The state has a favorable industrial climate, with a robust infrastructure and a proactive government that encourages investments across various sectors.

Industrial Climate: Maharashtra has a diverse economy and a well-developed industrial base. The state is home to several large industries, including manufacturing, chemicals, pharmaceuticals, automobiles, and textiles. Mumbai, the state's capital, is the financial capital of India and is home to the country's major stock exchange, the Bombay Stock Exchange (BSE).

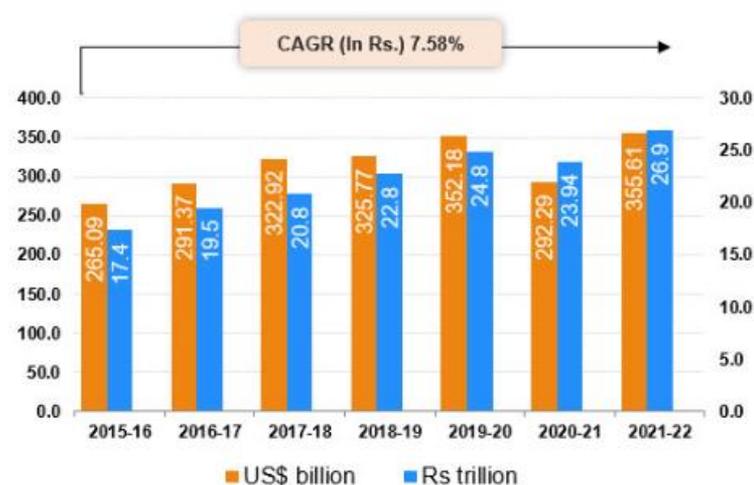

The state with well developed infrastructure, which includes ports, airports, railways, and road networks. The state has 48 ports, including the country's largest container port, Jawaharlal Nehru Port Trust (JNPT) in Mumbai. The state has three international airports and several domestic airports. It is also well-connected by rail, with several major railway station, metro network and expressways.

Business Opportunities:

Maharashtra offers several business opportunities across various sectors. Some of the key sectors where the state offers significant opportunities include:

- 1. Manufacturing:** The state is a key manufacturing hub in India and offers several opportunities in this sector. It has a large number of industrial estates and special economic zones (SEZs) that offer several benefits to businesses, including tax exemptions and streamlined procedures. The state has a strong focus on promoting small and medium-sized enterprises (SMEs) and offers several incentives to support their growth.
- 2. Information Technology:** Maharashtra has a large and growing IT sector, with several companies setting up operations in Mumbai, Pune, and other cities in the
